12 Cities in 12 Months

A Concert Tour of Texas Cities working to raise the dialogue on the death penalty in Texas ends with a Big Finale in Austin.

Austin, Huntsville, San Antonio, Corpus Christi, Houston, Beaumont, El Paso, Denton, San Angelo, Dallas, Ft Worth & Waco!

I'm someone who wants to start a dialogue. That's all. I want to get Texas talking about the death penalty because we are the state with the greatest number of executions, and yet, no one wants to talk about what it means.

Come hear music and get involved at the same time. But the conversation must begin, and I hope it begins with you and me.

In Grace, Sara Hickman

Proceeds will benefit the
